OCR2MD PDF VIEWER LAB / PAGE 1

Public synthetic document - no private user material.

BlockID 12 anchors a paragraph of OCR evidence.

ParentID links child records, never PBS labels.

Zoom and select the text layer. Click the overlay labels.

OCR2MD PDF VIEWER LAB / PAGE 2

Page 2: the PDF renderer owns the page and its text.

Block geometry comes from coordinates in page space.

A reusable PDF viewer needs no CMD or SQLite dependency.

OCR2MD PDF VIEWER LAB / PAGE 3

Page 3: vector table experiment

Cell A	Cell B	Cell C
Cell D	Cell E	Cell F
